

The Bay County Division on Aging is pleased to announce it has received a grant award in the amount of \$2,500.00 from the Banfield Charitable Trust Fund. The funds will be used to help support the Division on Aging in providing a pet food delivery program that will enable homebound clients to receive food and litter for their companion animals.

The Division on Aging will be partnering with the Humane Society of Bay County to help package and distribute the pet food to homebound clients.
